month). Cards are constantly expiring and being renewed, but about 1,600 expired cards are outstanding. DAL is hiring faster than we are retiring, raising the bar we must surpass. Our goal is 6,100 – 6,500 CURRENT Cards, and that is within our reach if you will help us right now by speaking today with another pilot and handing them a DPA Card to sign on the spot. Help them join or update, either one will push us to a vote.

WEBSITE HACKING LAWSUIT UPDATE

On September 29th, DPA voluntarily dismissed the DPA vs JOHN DOE lawsuit in New York Federal Court. We have harvested a great deal of information and have pinpointed key players in the crime. We have offered several opportunities for those involved to take public responsibility and avoid what is about to happen. Those offers have been refused. Anyone directly involved may still

contact the DPA Attorney if their intention is to cooperate. Now, we are moving forward with a new named lawsuit in the home state of one of the key players. Once entered into the public record, all will begin to learn the identities of those involved and what organization they may be affiliated with.

DPA regrets this course of action, but it is necessary to defend our legal right to pursue independent representation and hold those accountable who would break the law to interfere.

ALPA WHISTLEBLOWER REPORT

You must take the time to read the linked report below provided by a former ALPA Rep regarding ALPA National failure to represent and interference in contract negotiations. The ALPA National president and his legal staff are implicated in the worst performance on Capitol Hill we have ever seen. "What about our voice on Capitol Hill?" Read this report and you will want no part of it.
